

MNG INTERNATIONAL INC.

Non-GMO Compliance Statement(NGVP Standards)

Product: MNG Item Number: 1009 Dehydrated Garlic Granulated (24-40 mesh)

MNG International Inc. provides high-quality food products that meet the highest standards of safety and quality. We recognize the increasing consumer demand for non-genetically modified organism (non-GMO) products, and we are committed to offering non-GMO options to our valued customers.

We hereby certify that our product, “MNG ITEM NUMBER: 1009 - DEHYDRATED GARLIC GRANULATED 24-40MESH” complies with the guidelines and requirements of the Non-GMO Project Verification Program (NGVP). The NGVP is a leading organization that establishes stringent standards for non-GMO products and provides independent verification through third-party testing and assessment.

To ensure compliance with NGVP standards, MNG International Inc. adheres to the following practices:

Ingredient Sourcing: We source our garlic from trusted suppliers who follow non-GMO practices and can provide documented evidence to support their claims. Our garlic is obtained from farmers who do not employ genetically modified seeds or any other genetically modified agricultural inputs.

Production and Processing: Our manufacturing and processing facilities strictly adhere to non-GMO protocols. We maintain strict segregation and traceability of ingredients throughout the production process to prevent any cross-contamination with GMO materials.

Testing and Verification: We regularly conduct tests on our dehydrated garlic to detect the presence of GMOs using approved testing methods. These tests are performed by certified laboratories specializing in GMO detection. Detailed records of all testing results are maintained.

Supplier Verification: We work closely with our ingredient suppliers to ensure their commitment to providing non-GMO ingredients. We request and review documentation, such as certificates of analysis and affidavits, from our suppliers to verify the non-GMO status of their ingredients.
